## WORK EXPERIENCE

**Environmental Biologist**

- 2018 June **Ecological workshop of Società Botanica Italiana (SBI)**  
"Biodiversity pattern in calcareous grassland: functional and structural variation in relation to microenvironmental gradient"  
Pescasseroli (AQ)
- 2016-2017 **Tutoring activity at Roma Tre University**  
Scholarship for lecture in
  - Botany
  - EcologyTrainee supervisor  
Co-tutor of master thesis "Investigation of belowground functional strategies of sandy dunes species" candidate Elina Kozuharova  
Co-tutor of master thesis "Variation in the functional structure of plant communities along elevation gradient in a sub-mediterranean mountain area" candidate Letizia di Biase
- 2015-2016 **Tutoring activity at Roma Tre University**  
Scholarship for lecture in
  - Botany
  - EcologyTrainees supervisor
- 2015-2018 **Ph.D. in "Cellular, molecular and environmental biology"**  
Roma Tre, University of Rome. "Spatio-temporal functional variation of the sub-Mediterranean mountain grasslands"
- 04/2015 **Scholarship at Roma Tre University**  
Geodatabase creation of Latium Vascular Flora
- 2014-ongoing **Collaborations with Environmental Science Department of Camerino University**

Camerino University, Camerino

- Stato dell'ambiente nella fascia subalpina e alpina del Parco Nazionale dei Monti Sibillini. Intervento "Monitoraggio della diversità forestale" Responsabile scientifico: Andrea Catorci; Gruppo di lavoro: F.M. Tardella, K. Piermarteri, N. Postiglione, L. Malatesta, M. Tavoloni, A. Bricca. Coordinamento: A. Rossetti, P. Salvi. (2015)

## EDUCATION AND TRAINING

---

### 14-23/11/2018 Linear modelling of ecological patterns (in R)

Practical statistical course with software R at University of RomaTre with the supervisor of Vojtech Barták

- Basic principles of probability, statistical inference and modeling
- Principles of linear models
- Advanced linear modelling
- Principles of generalized linear models

### 16-22/09/2018 "Go Belowground!" Course of Functional Ecology

The course held in Nové Hrady (Czech Republic) with supervisor of Jitka Klimešová. The course consists practical training and lectures on following topics:

- Introduction to plant morphology, architecture and anatomy
- Ecological interpretations and correlates of morphological, architectural, and anatomical traits
- Clonal growth organs and clonal traits
- Bud bank and life-history traits

### 2018 Research period

Institute of botany of the Czech Academy of Science (Trebon, Czech Republic) with the supervisor of Jitka Klimešová.

### 06/2017 Plant productivity and indexes as a proxy for basic ecosystem features

CNR, Monterotondo

An Elter h2020 training session contributing to Ecosystem Integrity monitoring at LTER sites.

### 02/2017 Practical course on Molecular Phylogeny and Population Genetics

RomaTre University, Rome

**10-12/2015 Quantitative Ecology Modul**

University of South Bohemia, České Budějovice

- Community Ecology
- Functional traits in ecology
- Creative publishing in community ecology

**09/2015 Linear Models and Their Extensions in R**

Roma Tre University, Rome

- Linear regression and ANOVA
- Generalised Linear Models (GLMs)
- Linear mixed-effects models (LMMs)

**2014 Basis course of R for Environmental and Biological Science for Ph.Ds school**

Roma Tre University, Rome

- Plot, Boxplot, correlation and regression test, PCA, CCA, RDA

**09/2013-11/2013 Internship at A.R.P.A. Lazio (Regional agency for environmental protection)**

A.R.P.A. Lazio in Rome

- Biological analysis of surface waters

**2011-2013 Master Degree: "Biodiversity and Ecosystems management"**

Roma Tre University, Rome

- Vegetation science, animal and plant biodiversity, animal and vegetation ecology.
- Thesis: "Study of a forest ecosystem through functional traits in two different silvicultural managements". Awarded summa cum laude (110/110 e lode)

**2011 Internship at Roma Tre University**

Roma Tre University, Rome

- Otters population ecology research, in Abruzzo (Italy)

**2008-2011 Degree: "Biological science"**

Roma Tre University, Rome

- Botany, Zoology, Ecology, Genetics, Molecular biology, Microbiology, Animal and plant physiology .
- Thesis: "Functional analysis of plant species of sandy coast: changes along environmental gradients". Awarded (110/108)

**PERSONAL SKILLS**

Mother tongue Italian

Other languages

English Very good reading and listening comprehension, good speaking and writing skills (B2)

Organisational / managerial skills	Autonomy in organizing work, prioritizing, results oriented , negotiation skills , coordinating work teams.
Job-related skills	<ul style="list-style-type: none"><li>▪ Precision: meeting deadlines, analyzing, classifying and computing data (developed during ARPA internship)</li><li>▪ Problem solver</li></ul>
Computer skills	<ul style="list-style-type: none"><li>▪ good knowledge of Microsoft Office™ tools (including Excel, Power Point programs and the R studio statistic program)</li></ul>
Driving licence	<ul style="list-style-type: none"><li>▪ B type drive license</li></ul>
