PROFESSIONAL EXPERIENCE

08/2020 - PRESENT

FREELANCE ARCHITECT

11/2014 – 08/2020

SENIOR ARCHITECT- HRMIS DESIGN

- ❖ Licensing and consulting several architecture projects.
- ❖ Provide highly detailed shop and as-built drawings
- ❖ Preparing and presenting feasibility study and design proposals for clients
- ❖ Managing office architects and distributing work evenly among them.
- ❖ Management of scope, schedules and work budgets.
- ❖ Following up site progress with contractors, subcontractors, and client, to control quality standards
- ❖ Consulting landscape and urban planning projects for Ghobeiry Municipality, Baalbak Municipality, and Nabishith Municipality.
- ❖ Consulting several interior design projects.
- ❖ First to initiate the sustainable architecture method in Lebanon, through using zero carbon footprint materials in emergence with existing vernacular architecture.
- ❖ Project management, ensuring compliance with technical specifications, costs and deadlines.
- ❖ Client management and preparation of offers.
- ❖ Managed preconstruction and designs for high-profile projects including a 7.500 m2 cultural center
- ❖ Reviewed vendors submittals according to the drafted drawings and specifications.
- ❖ Met with clients and led several coordination meetings.

- ❖ Responsible for project development and production from schematic design through construction documents
- ❖ Prepare and coordinate materials for local zoning submissions and design team presentations
- ❖ Manage and mentor junior employees to produce presentation-quality models and materials
- ❖ Project manager and integral team member on a variety of project types and scales including restaurant, hospitality, retail, and residential work.
- ❖ Assisted in multiple large-scale hotel renovation and expansion projects in the Bay Area.
- ❖ Prepared architectural construction drawings for large scope projects including the AMYSM apartments, Aljawad Cultural center, Al Assima offices, and Elite Institute.
- ❖ Preparation of tenders and all necessary documents (Specs book, BOQ, portfolio, technical drawings, etc.)
- ❖ Project management and coordination of works (design-related activities and contracting) with clients, consultants, main contractors, MEP contractors and other sub-contractors leading to the completion of works on due dates
- ❖ Distribution of tasks to site managers and technicians, supervising installation activities
- ❖ Attended meetings with Clients, Designers and Consultant to discuss about the status of works and coordinate the project requirements on site.
- ❖ Controlled quality of finishes and materials used, as per the Consultant requirements.
- ❖ Solved problems, identifying and evaluating them in order to find the suitable solution to ensure the proper works development.

05/2014 – 10/2014

INTERN, MEGAPREFAB

- ❖ Provide highly detailed shop and as-built drawings
- ❖ Preparing and presenting feasibility study and design proposals for clients
