

Progetti di Ricerca di Ateneo

FONDO DI ATENEO PER LA RICERCA

I risultati al primo anno di Progetto Bando FAR 2018

Camerino venerdì 27 marzo 2020 ore 9 -12
Campus universitario - Sala convegni del Rettorato - via D'acorso 16

Saluti

CLAUDIO PETTINARI Rettore UNICAM
SAURO VITTORI Delegato UNICAM per il
Finanziamento della ricerca tramite bandi competitivi
nazionali

I risultati al primo anno di Progetto Bando FAR 2018

GIOVANNI CAPRIOLI

*Silverskin and spent coffee: two by-products of the coffee
production chain as promising source of nutraceuticals
and ingredients for fertilizing products*

ROBERTO CICCOCIOPPO

*Effect of sleep restriction on alcohol abuse and related
comorbidities in adolescent rats.
How endocannabinoid and σ receptor systems are
involved in?*

ROSALBA D'ONOFRIO

Climate change and urban health resilience

GERARDO DOTI

*Between the City and the Sea. The cultural,
environmental and natural heritage of the port areas in
the Marche Region: integrated knowledge for the
preservation, enhancement and sustainable
development*

NICOLA MALOSI

Optically Detected Nuclear Magnetic Resonance

ENRICO MARCANTONI

*Intelligent therapeutics: a critical mixture of Science, ART,
and Human Needs for smart drug-delivery*

MASSIMO NABISSI

*Hemp against pests. Cannabis sativa by-products as a
source of repellents and insecticides. Hemp derivatives-
based new formulations for effective, safe and eco-
friendly applications in human health and agriculture*

RICCARDO PETTINARI

*Expanding the Biological Potentials of Curcumin-like
Ligands to Half-Sandwich Osmium Complexes*

SEBASTIANO PILATI

*Supervised machine learning for quantum matter and
computational docking*

DANIELE ROSSI

*Food and Wine Heritage in the Marche Region: Digital
Storytelling Through Virtual and Augmented Reality*
