

# **Environmental sustainability. An introduction**

**Prof. Carlo Santulli**

School of Science and Technology,  
Geology division, UNICAM

**Wednesday, 11<sup>th</sup> March, 2020**

Geology Division – room D- at 14

<https://unicam.webex.com/meet/carlo.santulli>

The seminar is aimed at:

- Introducing the basic elements of the term «sustainability»
- Specifying how it relates with a circular economy

This is also the first lecture of the course  
of **Environmental Sustainability** for year 2019-20  
(master course in Geoenvironmental Resources and Risks)

The seminar is open to anyone interested in the topic.
